

Tom McHale Takes Bogart Memorial Award At N.H.S.

ST. ANDREW'S MINISTER

Tom McHale has won the Bogart Memorial scholarship in grade 13 English and history at Newmarket high school according to the announcement of scholarship and prizewinners released by the principal, J. W. Lockhart.

The Hon. E. J. Davis prizes in grade 13 mathematics were won by Ruth Wilmet and Don King.

The Stanley Brock prizes were won by Tom McHale, highest in four language papers; Kathleen Miller, highest total in middle school physics and chemistry; Gordon McNern, student making the most valuable contribution to school life; Lois Climpson, first; Florence Gallagher and Betty Ash, tied, for proficiency in shorthand and typing in grade 12 commercial; Beryl Climpson, best general notebook in grade ten; Bobby Koffend, highest total in music and art in grade nine.

The George Wark Memorial prize, a new prize offered by the Literary Society of the school to replace the original George D. Wark prize awarded by the late Mr. Wark, for the most proficient pupil in grade nine or ten, was won by Bob Atchison of grade 10B.

The L. G. Jackson Memorial prize for proficiency in shorthand and typing in grade 11 commercial was won by Marion Smith. The A. N. Belugin prize in grade 13 science (biology, chemistry and physics), was won by Marion Morton.

Food, Faith Declared Need Of World Now

The world need is peace and food, faith and fellowship, Dr. W. J. Gallagher, general secretary of the Canadian Council of Churches, told those attending the Yearly Meetings of the Religious Society of Friends in Canada at Pickering College over the weekend.

Included in the meetings were the Canada Yearly Meeting (Five Year Meeting), Genesee Yearly Meeting (general conference), and the Canada Yearly Meeting (Conservative). The meetings brought Friends from throughout Ontario, Saskatchewan, New York, London, Eng., and Philadelphia.

Saying that there must be peace or destruction, Dr. Gallagher stressed the need for a common conviction about those things which are most worthwhile. "One of our greatest difficulties is the lack of a common faith," he said.

The other great need is for food, he continued. "The English are having hard time but they are well off compared to those on the continent. In some parts of Europe the population shrinks by starvation until a level is reached where there is enough food to keep those left alive. In China, there are some areas where the means of transportation are so faulty that it is impossible to send food there and the people just starve."

"Suppose these people do starve?" he asked. "What does it matter to us? If we believe God made our fellow men and that Christ died for them, then it most certainly is our concern. We have come to the place where we must face the issue. We must recognize that our faith means that we must be concerned over the fate of our fellow men and do what we can to alleviate it."

During the meeting, reports were heard on the progress of relief work in Asiatic countries and in Europe. Special speakers gave evening lectures on the world situation.

Heavy Volume Of Traffic Recorded Over Holiday

The July 1 holiday placed a heavy strain on communications and transportation facilities out of Newmarket. C. E. Blosdale, manager of the Bell Telephone Co. office here, said that the number of calls handled on the Newmarket switchboard exceeded those sent on V-J Day. "It was a record for Newmarket," he said.

Mr. Blosdale said the calls started to come in Friday and continued in heavy volume until well into Monday night. "The operators were rushed continually. It was particularly difficult for the new members on the staff," he added.

F. E. Cook, C.N.R. stationmaster here, said that generally speaking, rail traffic was quite heavy over the weekend. "The number of rail passengers was added to by the factory employees going on their holidays."

Grey Coach Lines officials report a heavy volume of bus travel over the holiday weekend with extra buses being stationed along the route to Lake Simcoe.

PLAN BOND ISSUE

The minister of finance, Hon. J. L. Ilsley, announced last week in the House of Commons, Ottawa, that a new government bond issue to replace the war savings certificates and the victory bonds would be floated this fall. Mr. Ilsley said that the new security would be similar in most details to the victory bond and would be available to the general public through banks, trust companies and investment dealers. A payroll savings plan will be available to employers who wish to use it. There will be no door-to-door canvass.

PLAY FRIDAY

Aurora plays Newmarket Vets in the North York softball league tomorrow night at the Stuart Scott grounds. The Newmarket team plays Thornhill away from home next Thursday.

The Newmarket ladies' team plays its first league game at Cedar Grove Monday night and Wednesday, plays Kodaks at Oakwood Stadium in Toronto. The Newmarket team is in a league of Aurora, Cedar Grove, Milliken and Unionville.

JULY 8 DATE OF FIRST DIP ON PROGRAM

The swimming program sponsored by the Newmarket Community Recreation Council in conjunction with the Newmarket Lions club summer program at the park will begin July 8 with a meeting of all participants in the Newmarket town hall to arrange schedules.

The swimming program is under the direction of E. R. Mather, recreation co-ordinator.

The swimming will be done at Wilcox Lake and not at Lake Simcoe as planned. The change was made to cut the cost of transportation and to provide safer waters for swimming. Dressing locker and beach facilities are being donated by Percy Ash, Wilcox Lake, as his contribution to the program.

Assisting in the supervision of the swimming are Mickey Smith, Mrs. Jean Neufeld, former assistant supervisor at Kitchener Y.W.C.A., Audrey Rowland and Barney Westcott. Mr. Mather and assistants have recently completed a special swimming instructors' course at Barrie under the auspices of the Red Cross. The Newmarket branch of the Red Cross covered the expenses of the course.

Plans for the swimming program include three groups a day, three times a week, to be taken to the lake by Grey Coach buses. Mr. Mather emphasized that the program was one of instruction. Recent questionnaires sent out showed at least 80 percent of the children up to 14 years did not know how to swim.

LAST SERVICES HELD FOR MRS. WM. J. PEGG

Mrs. Nellie Mae Macdonald, wife of William J. Pegg, passed away in St. Michael's hospital, Toronto, June 17, after having been ill health for the past three months.

The funeral service was held in the United church at Queensville, and Rev. Hugh Shannon, Queenville United church, and Rev. Earl Knechtel, Bethel United church, were in charge of the service.

The pallbearers were her three sons and three sons-in-law. Besides her husband, she is survived by three daughters, Mrs. Harold McNeill (Ethel), Toronto, Mrs. Delbert Graves (Frances), Freeman, Ont., and Mrs. Myron Spaulding (Ruth), Newmarket, and three sons, Colin, Toronto, and Lloyd and Morley, Sutton West, and 12 grandchildren.

Two sisters, Mrs. Mida Alcombrick, Los Angeles, Cal., and Mrs. Jean Mearrow, St. Catharines, and five brothers, Douglas, Bruce, Malcolm and William, Toronto, and Norman, Charlton, Ont., also survive.

Mrs. Pegg loved all plants and flowers. Her chief interest was in her family, and in helping others.

FALSE ALARM

The Newmarket Era and Express office received a number of calls Tuesday morning from radio listeners who had heard reports of a "\$100,000 fire" at Keswick. A call by the editor to Keswick quickly verified that it was a mistake. Later, it was announced that the fire had taken place at Keswick, N.B.

Go Ahead Signal Given In Purchase Of Military Camp

At a special council meeting Wednesday morning, the Newmarket town council authorized a special committee of the council to continue negotiations with the War Assets Corporation for the purchase of the camp. Councillor Jos. Vale, chairman of the industrial committee of the council, reported that the government was ready to sell the drill hall and buildings on the fair grounds and the buildings and property north of Srigley St., including the hospital buildings, nurses' quarters, officers' mess, kitchens and other buildings.

The special committee was also authorized to continue negotiations with the government for the purchase of the Stickwood property which was purchased by the government early in the war to permit the enlargement of the camp. There are nine large huts on the Stickwood property as well as smaller huts. The price for the whole camp including the Stickwood property has been set by War Assets Corporation at \$34,000. The price for the property and buildings north of Srigley St. and the buildings on the fair grounds is \$11,000.

The special council meeting followed a trip to Ottawa by Councillor George M. Byers, Deputy Reeve J. L. Spillette, Mr. Vale and Reeve Arthur D. Evans, and a later trip to Montreal to meet with War Assets officials by Councillor Frank Bowser, Reeve Evans and Deputy Reeve Spillette.

Following the council's instructions, a committee of the same personnel will meet with government officials early next week in Montreal to discuss final arrangements.

BOWL FOR SHIELD

The Newmarket lawn bowling club men's doubles tournament for the Dixon Shield will be played Monday, July 8.

Pte. Ira C. Leeder, a son of Mr. and Mrs. George Leeder, Newmarket, returned home from overseas last week after an absence from Canada of two years and a half. At the present time, Pte. Leeder is enjoying his pre-discharge leave with his wife in northern Ontario. A member of the Royal Canadian Army Service Corps, he served in France, Belgium, Holland and Germany.

ATOM BLASTS OLD HOPES

Eleven months ago, the first atomic bomb was dropped on Japan. While the mushroom-shaped cloud still hovered over the ruined city, the world recognized that a new and terrible factor, control of atomic fission, had made in a space of a few seconds the old conceptions of international security a dream of the past. Recognizable by all was the urgent need of international trusteeship of the bomb.

As the months passed, memory of the atom blast faded and with it, the urgency of need for agreement among nations. The Bikini experiment, Operation Crossroads, has recalled the need for international harmony. More important, it has underscored the inadequacy of a civilization unable to solve the question on which its existence rests.

Man's brief history on this planet has been dedicated to destruction followed by spasms of progress. Each time the wheel swung around, the destruction was more complete, the progress more advanced. It could not last forever. The use of atomic fission has made it impossible to contemplate another turn of the wheel. The next war will be final. Yet for all our intelligence, we have not learned how to prevent it.

The threat of atomic destruction is not enough to provide a lasting peace. Atomic destruction has only made final the results of another war. Security rests with the willingness of all nations to forsake gain for themselves in favor of peace for the world. There is no indication of such intentions so far.

Instead, the nations of the world have divided into two camps, Russia and satellites, and the democracies. The division would not be hopeless were it not for the two interpretations it has imposed upon the functions of the United Nations organization. Russia sees the U.N.O. as a means to the eventual consolidation of a communistic Europe. For the democracies, U.N.O. has been the only means to a lasting peace. There can be no meeting ground for such opposing interests.

Apologists for Russia argue that Russia acts only in the interests of self protection. To the two decades of distrust and covert action has been added the threat of the atomic bomb. It is only reasonable, the apologists say, that Russia should take every means to strengthen herself. The apologists forget that Russia's "strengthening" does not lessen distrust nor weaken the threat of the atomic bomb. It produces the opposite.

We are hearing now of the late President Roosevelt's "great design", a gamble in which the president risked concessions by the democracies to Russia to lay suspicion of the democracies' intentions. It was a gamble which failed. Russia took the concessions and is demanding more while the democracies have suffered irreparable damage in prestige among European democrats.

The failure of the great design has left only one course open—a strict adherence to the principles of democracy as embodied in the Atlantic Charter. The democracies must no longer retreat from Russian demands as a means to exact a compromise. There must be an end to appeasement. A militant policy of propagating the principles for which the democracies fought must replace the attitude of compromise that has prevailed.

Only when the clauses of the Atlantic Charter are recognized as the one abiding aim of all nations can there be the unity of purpose from which will come a lasting peace. This can never be while the U.N.O. is used for national advantage to the world's disadvantage and the Atlantic Charter is brushed aside. Until there is unanimity among the great powers, the secret of the atomic bomb must remain in the possession of the few.

**PRICE CONTROL
OFF IN U.S.A.**

The authority under which the office of price administration, the United States counterpart of the wartime prices and trade board, operated came to an end at midnight Sunday. On Monday, the radio carried reports of immediate increases in the price of food—a ten percent increase in the price of meat, a two-cent per quart increase in milk, a one-cent per pound increase in butter.

These increases come on top of a cost of living already considerably higher than in Canada. They come despite the pleas of President Harry S. Truman, business leaders and industrialists to voluntarily hold the line against price increases until new legislation is passed. What is happening in the United States is sufficient answer for those in Canada who say price control must go.

In another respect, however, the price increases in the United States will have a serious effect on Canadian economy. Canadian trade and business is too closely knit with that of the United States not to be effected. Price increases in the United States will mean increases in Canada. Despite the complexities of international trade and business, the influence of rising prices in the United States will not be slow in being felt here.

Only a few days before, a budget was brought down in the House of Commons, a budget with a fixed purpose of holding the line against rising prices. Tax reductions were promised but not until 1947. Excess profits taxation was reduced but not abolished. A new bond issue will be floated in the fall. All these measures and others

like them are the government's reply to the threat of inflation.

Yet to some degree, they are nullified by inflationary tendencies in the United States. At the best, the budget measures can only serve as a buffer between the reaction from increased prices in the United States and Canadian economy. It is most unfortunate that Canada and the United States, which together share in war measures and in limited financial measures, are unable to share in the stabilization of North American economy.

Just as the past war has taught the futility of boundaries to halt invasion, so it would seem that we must learn that boundaries alone are equally futile in preserving a sound economy.

HARSHER PENALTIES FOR DRINKING DRIVERS

"I had been drinking but I wasn't drunk." How often those words are heard from the witness stand as an automobile driver, accused of carelessness or dangerous driving, attempts to justify evidence that his breath smelled of liquor or that he was unsteady on his feet, or even that he was unfit to drive because of the liquor he had consumed.

The man who has been drinking is the last one in the world to be able to testify whether or not he was drunk at a given moment. It is a foolish assumption that a man who has been drinking in any quantity at all is able to judge whether or not he is unfit to drive an automobile. Liquor has a deadening effect on man's judgment, equally applicable to deciding whether or not he is fit to drive.

Yet time and time again those words "I had had a couple of glasses of beer earlier in the evening but I wasn't drunk," or "I had been drinking but not enough to prevent me from driving" are uttered by drivers who have been brought into court as a reasonable answer to testimony that they were unfit to drive.

Will automobile drivers never learn that liquor, no matter how small the amount, and gasoline do not mix? Medical evidence of the effect of liquor in slowing muscular reactions and impairing judgment has been published so frequently that it can not have escaped the notice of motorists. Yet few are the traffic cases heard in court where there has been no evidence of drinking by the offenders.

The driver who drinks not only endangers his own life, but worse, puts in jeopardy all he may meet along the road. Nothing on earth can justify the action of a motorist who knowingly threatens the lives and happiness of other travellers. The law is strict in regard to those convicted of drunken driving, but the number of times liquor enters into the evidence on traffic accidents is increasing. Appeals to the individual's good judgment seem to be wasted. The only alternative is still harsher penalties.

Canada's Family Allowance Act has now been in force for one year and parliament has been interested in reviewing the results of this social legislation. The opinion is freely expressed here that the plan has resulted in great good to the children of Canada. There have been isolated cases of abuses, but these have been investigated and are very few indeed in comparison with the number benefitted. In May, of this year, payments were made to 1,420,233 families in respect to 3,330,763 children. The average allowance per family was \$14.04 per month, and the average per child was \$5.98 per month.

The budget contained a clause allowing farmers and fishermen to pay taxes on a three-year average rather than on a single year's operations. It was unfair that a farmer or fisherman, so dependent on nature for success, should be taxed on, say, a \$5,000 income this year, if last year he actually lost \$3,000. The fairness of this proposal, which has been long-discussed here, will, I think, receive very general applause.

While the step up in exemption figures was not as great as hoped for, it should be kept in mind that our figure here is higher than in the United States, Britain or New Zealand. We quote the remarks of the minister of finance as they relate to personal income tax:

"The exemption limits under the present tax are \$660 for single persons and, in effect, \$1,200 for married persons. As a major part of the present revision, we are proposing that the exemptions be raised to \$750 for single persons and \$1,500 for married persons without dependents. This measure, taken in conjunction with the proposal I shall make in a moment regarding allowances for dependents, will remove entirely from the income tax roll between \$50,000 and \$60,000 taxpayers, or about one-quarter of the present number."

Something of a record was established in the Commons when a woman appeared on the floor of the house as an expert consultant during consideration of health department estimates. It is customary for ministers to be flanked by departmental chiefs while they are guiding their estimates through the house. This week, Miss Olive Waters, administrative chief of the health department, attired in a smart black gown and hatless with an upswept hair-do, took her place behind a pile of files and at the side of Health Minister Claxton.

However, there is another point worth remembering, and it is that subsidies do not happen. They get paid by governments which collect them back in taxation. Mayor Saunders of Toronto cries that taxpayers in that city will pay \$2½ million more for milk, but the fact is that Toronto taxpayers will pay less for milk as a body.

The city of Toronto pays more than one-eighth of the total taxation collected by the dominion government, so the taxpayers of Toronto pay more than \$2½ million out of the \$20 million collected in taxes and then spent for milk subsidy.

If Mayor Saunders meant to say that the citizens of Toronto, as consumers of milk, would pay more, he should have said so. He was wrong in saying that the taxpayers would be out of pocket.

Subsidies come out of taxes. The same community pays taxes which receives the subsidies. This is worth remembering whenever this question of subsidies comes up.

Like them are the government's reply to the threat of inflation.

Yet to some degree, they are nullified by inflationary tendencies in the United States. At the best, the budget measures can only serve as a buffer between the reaction from increased prices in the United States and Canadian economy. It is most unfortunate that Canada and the United States, which together share in war measures and in limited financial measures, are unable to share in the stabilization of North American economy.

Just as the past war has taught the futility of boundaries to halt invasion, so it would seem that we must learn that boundaries alone are equally futile in preserving a sound economy.

OTTAWA LETTER

by

"Jack" Smith, M.P.
North York.

The long-awaited Illesley budget was presented to the House last Thursday. Galleries were filled to capacity and most of the members were in their places to hear the important pronouncement. Mr. Illesley took two hours and 15 minutes to present the budget, something of a record, I believe. The long explanation regarding dominion-provincial relations took a considerable part of the finance minister's time. The budget was a cold, matter-of-fact presentation of our financial position and economic condition. That it could be bright and cheery after the tremendous load we carried in the past few years would be too much to expect. There was little in it to inspire great enthusiasm and applause, even from government benches, was seldom heard. It was encouraging that the deficit was reduced so substantially from last year, but those who hoped for larger tax reductions were disappointed. The budget is a forceful reminder to the Canadian people that we have emerged from the most devastating war in history and while we have achieved victory on the field of battle we must continue to fight with sacrifice and determination against other dangers which threaten us.

Our assumption of obligations

in the remaking of the world,

and our obligations to those who

fought for us, are important fac-

tors in the budget. War was

costly and produced only de-

struction; rehabilitation is costly

but will produce good citizens of

our land and, in some measure,

repay the debt we owe to those

who left home and loved ones

to endure hardships and face death

to protect our way-of-life.

The finance minister is making

another effort to bring about a

dominion-provincial agree-

ment and in the budget, makes a

series of proposals to the provin-

cies. If ever we are going to

get anywhere, we must face up

to our national problems as Cana-

dians, not as citizens of the

Maritimes, Quebec, Ontario, or

the west. I most earnestly hope

that these last proposals will re-

sult in some amicable agreement

between the provinces and the

central government.

The budget contained a clause

allowing farmers and fishermen

to pay taxes on a three-year

average rather than on a single

year's operations. It was unfair

that a farmer or fisherman, so

dependent on nature for success,

should be taxed on, say, a \$5,000

income this year, if last year he

actually lost \$3,000. The fair-

ness of this proposal, which has

been long-discussed here, will

I think, receive very general

applause.

In regard to size of families,

81 percent had three or fewer

children. Check-up and verifi-

cation of the original registra-

tion has revealed a very small

number of cases of fraud. As a

matter of fact, in all Canada

there have been but two prosecu-

tions, which is, as the minister

remarked, a great tribute to the

honesty of the people of Canada.

Postage on cheques sent to fami-

lies in the year amounted to

\$636,000. It is interesting to

note that since family allow-

ances were introduced in Cana-

da in 1945, a bill has been

passed in the British House of

Commons providing for family

allowances to come into effect

in August of this year. By then

we shall have family allowan-

cies in operation in New Zealand

since 1926, in Australia from

1941, in Canada from 1945, and

in Britain from 1946.

Something of a record was

established in the Commons

when a woman appeared on the

floor of the house as an expert

consultant during considera-

tion of health department estima-

tions. It is customary for minis-

ters to be flanked by departmen-

tal chiefs while they are guid-

ing their estimates through

Bob Atchison won the Hillsdale Dairy shield for proficiency in grade ten and David Preston the M. D. Rowland shield for proficiency in grade nine.

The winner of the H. E. Gilroy shield for general proficiency in grade 13 will be announced later.

The Newmarket high school examination results have been announced by Principal J. W. Lockhart.

The letters O.P. after a pupil's name mean the pupil has been promoted to the higher grade on probation until Christmas. If his work at that time is satisfactory he will be allowed to continue, but if his work is not satisfactory he will be demoted to a lower grade. The letters O.P. after the name of a subject mean that the pupil will take that subject in the higher grade until Christmas and if his work is unsatisfactory at that time he will be required to repeat the subject in the lower grade.

The name of a subject in brackets after the pupil's name means that he has failed in that subject and must repeat it in the lower grade.

If nothing appears after a pupil's name, the pupil has been successful in all subjects.

TO THOSE WHO NEED MONEY... for a useful purpose

For many a Borrower SAVING is still No. 1.

For many a Borrower saving is still the prime consideration. For them, the time to borrow is equally the time to save... borrowing and saving go hand in hand.

Thousands of our borrowers have sizable holdings of Victory Bonds and War Savings Certificates, which they leave with us for safekeeping. Indeed, a good many have substantial cash reserves in their savings accounts.

Why, then, do they borrow from the Bank? Simply because they want to keep their savings intact and undisturbed—as a bulwark of security.

These people are performing a real service not only to themselves, but to their fellow citizens and to the country at large...

By maintaining their programme of regular saving,

they are guarding against inflation. How... By conservation.

Conservation in personal financing is practised by a large proportion of our customers. By borrowing for some useful purpose, and by making regular repayments on their loan, they are—in reality—saving for a useful purpose, and increasing profitable production for the community. Meanwhile, they are keeping their savings intact.

This is wise spending, wise borrowing and wise saving.

These people are good customers, they are good citizens and their personal financing is sound.

To Our Customers, we say: "Don't borrow unless you have to, but if you need money for some useful purpose, by all means get a loan from the Bank."

We also say: "Don't sell your Victory Bonds... if you need cash, get a low-cost loan and pay it back out of future earnings."

Long Distance Lines Will Be

More Crowded Than Ever

Long Distance calling rises to a peak during the summer months . . . and this year the peak will be the highest in our history.

With so many more calls to handle and with additional facilities still in the construction stage, there will be times when you will be told: "The operator will call you". You may be sure, when this happens, that there will not be a moment's needless delay and that your call will be completed in the order received.

HELD IN CUSTODY FOR DAMAGING CABIN

A 20-year-old youth was remanded in custody for sentence next Friday when he pleaded guilty to damaging a cabin owned by George E. Davey, Musselman's Lake, by Magistrate J. E. Pritchard, K.C., in magistrate's court here Friday.

Davey testified that the cabin's partitions were torn down, and the window screens broken. He said he discovered the damage after the youth, who was one of a party of five boys, had turned in the key to the cabin the previous day.

Chas. Alex. Farrell, an employee of Davey's, said that he had inspected the cabin after the boys had left and had found it littered with cigarette butts and smelling of beer. He said empty bottles were lying around.

A second youth in the party said the cabin had been tidied up after they had left and that the walls were not torn down as claimed. The accused youth said there might have been some damage to the premises but not to the extent of \$26 as claimed by Davey. "The walls were alright when we left," he said.

"There has been a lot of trouble in that area," said Magistrate Pritchard in remanding the youth.

Two brothers, veterans of active service, were each fined \$10 and costs by Magistrate Pritchard when they pleaded guilty to charges of being drunk and disorderly. Chief Constable Fisher Dunham, Aurora, laid the charges. He said the two boys were making a nuisance of themselves in Aurora early last Sunday morning.

Bert Shore, Woodbridge, was fined \$10 and costs on a charge laid by Provincial Constable William Melbourne who said he found a case of beer in the car driven by the accused.

Mrs. Jane Bean, Toronto, was found guilty of a charge of leaving the scene of an accident without informing the police and fined \$10 and costs. Garnet Fairbarn, Newmarket, testified that his parked truck had been hit by a car driven by the accused. He said the accused woman and her husband had driven off after inspecting the scene of the accident. "I took their license number and reported it to the police," Fairbarn said. He said the damage as a result of the accident had been \$17.20.

The accused said she had stopped the car and had inspected the Fairbarn truck but had seen no damage and had driven on under the impression that was all there was to it.

"Are you not aware that it is required of you to give your name and address to the police after an accident?" asked Magistrate Pritchard on passing judgment.

William S. Latham was found guilty of careless driving and fined \$20 and costs. R. V. Alexander, Toronto, testified that the accused's car struck his on the Baldwin-Sutton road. "The accused's car was on my side of the road and kept crowding me into the ditch. I got over as far as I could onto the shoulder of the road but he hit my car, doing \$134.28 worth of damage," he said.

Constable William Hill, Sutton, testified that the point of impact was one foot, ten inches on the wrong side of the centre line.

Latham said he had been drawn over by the effect of the lights on Alexander's car. He said he had had two glasses of beer earlier in the evening.

Glynn Davies, Newmarket, pleaded guilty to a charge of assaulting his common-law wife, Eleanor Robertson, and was bound over to keep the peace towards her for \$100 for one year. Davies had been in custody for six days and his sentence was dated back by Magistrate Pritchard. The plaintiff, Mrs. Robertson, testified that Davies had threatened to kill her at one time, and had slapped her another time. Davies said he had been drinking.

BELHAVEN

The Belhaven Women's Institute will not have a meeting in July or August but will open again in September.

The community is sorry to hear of the death of Mrs. Rosa Deavitt who passed away June 20. Deepest sympathy is extended to Mr. Deavitt and family.

Mr. McAlpine and Beth spent the holiday weekend at their home here and Mr. McAlpine is remaining for his holidays.

Bobby Winch broke his ankle while haying.

Quite a number from here attended the decoration service at Queensville on Sunday.

The pupils are glad to be on holidays now and they presented their teacher, Miss Howard, with a little gift at the close of school.

Miss Myrtle Stiles is to be the new teacher for the coming year. Congratulations are extended to those who passed their entrance on their year's work.

HOLLAND LANDING

Service in the United church will be at 10 a.m. during July and August.

MOUNT ALBERT

A. N. PLUMMER SPENT EARLY LIFE HERE

Albert Neil Plummer, following two years' illness, passed away at his residence, 10th concession, Beverly township, recently.

Born at Emo in the Rainy River district of northern Ontario, Mr. Plummer spent his early life at Mount Albert. For nine years he was a tire builder with a rubber company until ill health resulted in his taking a farm at New Hamburg. He later moved to Beverly township in 1935. Mr. Plummer was also a carpenter and for three years from 1941 to 1944 he was engaged in government construction of airports in Newfoundland and Labrador. A severe heart condition caused his retirement in 1945.

Surviving are his wife, the former Selma Brown; three daughters, Mildred of Hamilton, Ruth, and Margaret Rose, at home; three sons, Neil of Galt, Ralph and Oliver, at home; four sisters, Mrs. Ross Boden, Ajax, Mrs. William Boden, Mount Albert, Mrs. Revis Gillen, Ravenshoe, and Mrs. Harry Kelly, Toronto; and three brothers, Waverly and Stuart of Kitchener, and Herbert of Toronto. Another brother, Walter, predeceased him 12 years ago.

The funeral service took place at the Kirkwall Presbyterian church with interment in Kirkwall cemetery.

Mount Albert, June 27—The United church Sunday-school has set July 24 for its picnic.

The W.A. of the United church held its meeting at the home of Mrs. W. S. Robertson on Wednesday evening. It was decided to have the July meeting in the park and have a picnic supper on Wednesday, July 17.

Mr. B. Sinclair was a delegate last week to the I.O.O.F. convention in Toronto at the Royal York hotel.

Mrs. Brydon of Toronto spent a week at the home of her brother-in-law, Mr. Frank Harrison.

Mrs. W. H. Shields is holidaying at Lake Scugog with friends. Doug Moorehead dug new potatoes June 22, two of which weighed 17 oz. and were in Mainprize's store.

The Mount Albert and district branch, 382, Canadian Legion, will parade to the United church for a memorial service on Sunday, July 7. The parade will fall in at Oddfellows' Hall at 10:30 a.m. Dress will be arm bands, berets, medals or ribbons.

The Legion plays Aurora Legion at Aurora on Friday, July 5. Truck leaves at 6:30 p.m.

Next Sunday there will be a Communion service in the United church at 11 a.m., and at 8 p.m. there will be a memorial service, and tablets for John Vincent Wilbey and Donald Burton Stewart will be unveiled by Padre David P. Rowland, who will be the guest speaker. Mrs. Jas. Oldham will assist the choir at this service as soloist.

The Woman's Institute will hold its July meeting on Thursday, July 11, at Mrs. Cartman Rolling's cottage, Lake Simcoe.

Mrs. Stonehouse, Mrs. H. Morton and Mrs. F. Kirton will be hostesses. Mrs. W. Rate and Mrs. R. Wilbey are in charge of the program. Bring a picnic basket. All ladies are invited to attend and enjoy an outing with the Institute.

Mr. and Mrs. Harold Kurtz, Tommy and Gail, left on Saturday to spend their holidays at their cottage at North Bay.

Miss Grace Pegg spent last week with her sister, Mrs. Julia Bain, at Egbert.

Miss Agnes Crowle left on Monday to visit her daughter, Mrs. Blaine Moore, at Ivy Lea on the St. Lawrence.

Mr. J. T. Crozier returned to Montreal on Sunday after spending his holidays in town.

Mr. and Mrs. Geo. Stokes, Brampton, Mr. and Mrs. Don Degeer, Miss Elta Stokes and Mr. and Mrs. Bill Stokes of Toronto were holiday guests of Mr. and Mrs. W. D. Stokes.

Mr. and Mrs. Clare Dodge returned from their honeymoon on Saturday and spent the weekend at the parsonage with Mrs. Dodge's parents, Rev. and Mrs. W. H. Burgess.

Miss Isabel Waterman of Erin was a guest last week at the home of Mrs. Geo. Price.

Mr. Alvin Harding has left for his home at St. Mary's and will take a summer course during the holidays.

Mr. and Mrs. Alf Parks, Mrs. Pegg and Lorne spent Sunday with Mrs. Julia Bain at Egbert.

Mrs. Ronald Allison of Toronto spent several days with Mr. and Mrs. T. Allison recently.

Mr. and Mrs. Howard Spenceley of Toronto were weekend guests at the home of Mr. Spenceley's uncle, Mr. E. Spenceley.

If you have not yet handed in your donation to the National Clothing collection you will still have time to do so as the limit has been extended to July 15 and it can be left at the post office. Parcels should be wrapped.

Mr. and Mrs. Marshall Lyons, Karen and Marsha of Scarborough, Mr. Stan Draper and Mr. Ron Draper of Toronto were weekend guests at the home of W. R. Draper.

POT POURRI

By GOLDEN GLOW

This week the dominion celebrated its 79th birthday. Yes, it was in 1867 that the Fathers of Confederation met, and Canada celebrated its first birthday. And Vancouver, B.C., is celebrating its 60th birthday this week with a wonderful program of events.

What a week! Started off on Sunday with the atomic bomb test and I expect everyone within sound of radio listened to it. It was a disappointing broadcast in many ways—but the results seem to be quite satisfactory, and of course that is the main thing. It was a long drawn-out affair, the actual dropping of the atomic bomb having been delayed. We were told to listen to the ticking of a metronome on the Nevada, an instrument similar to the one used in teaching piano-playing, and that when the ticking stopped then we would know for certain that the bomb had hit its target. Well! it stopped, but today, Monday, Dominion Day, the radio says the bomb missed the bright orange painted Nevada by half a mile. You did not know yesterday what to think when, after all was over, they began broadcasting observations and comments, to tell them they could see palm trees still standing in the field with their leaves waving, and practically all the "guinea-pig ships" still floating in the lagoon. After a closer inspection it was found that the goats chained on the deck of the Pennsylvania were calmly munching their hay.

So much for the atom bomb, what next? I think my next pen (for this is a Pot Pourri—a mixture of everything, you know) will be the peony show.

Ceasing on the eve of the Dominion Day holiday, it was not as well patronized as usual, and the terrific heat wave from which we are emerging this evening as I write, must have made it very difficult indeed to preserve the specimens on exhibit—and they were wonderful!

I always think every flower the best (or so I am laughingly told) but honestly we must admit that this one is the most "showy". Is there anything that lends itself so beautifully to floral decoration as the peony?

I used to know them all by their names, but I find myself forgetting. I wonder if it is the effect of the war that we are all forgetting so many, many familiar things. I find others tell me the same—they forget, too! So we'll just have to make allowances for each other, even if we find it hard to forgive ourselves!

There are so many, many things I keep recalling but this terrific heat-wave has "played lob" with most of them. Oh, yes—here's one I recall, work has commenced on widening Yonge St. at the bottle-neck between Richmond Hill and Thornhill. You would be surprised to see to what depth the road-bed has been dug. The huge road-building machines are all busily at work—the telephone and hydro men also are busy moving back their telephone and hydro poles. If a person has not been down Yonge St. by car very recently, they will be surprised to see large hydro towers on both sides of the road at Mulock's Corners, carrying high tension wires from Scarborough to Barrie.

And then—if one hasn't been in Newmarket lately along Davis Drive, they will see a new road connecting it with Queen St. east in the new part of the town where the soldiers' houses are being erected. New roads connecting the new section with Coonagh Gardens will also be open.

Lions club park will soon re-open again to the laughter and glee of the supervised playground as we had last summer. Yet, it is summer holidays and the weatherman seems to have decided we need warmer weather.

I know there are dozens of things I will recall when I have set this off to the office this evening—things that I intended to write about, but they must wait. Just one thing more—have you noticed the new electric lights at the post office, street lights. I mean, and the poles removed from the top of the hill all down the west side of Main St. with the street lamps now on the site of the buildings. Every inch on our narrow Main St. counts, but the traffic jams are still bad, specially when the big delivery trucks park right in the middle of the street.

As for the drive for clothing for Europe last week and the week before, I feel sure Newmarket feels a glow of satisfaction at what we accomplished! Each day different church groups and organizations took their turn at receiving, sorting, repairing and packing the many articles sent in, under the splendid supervision of Jack Luck.

Funeral services were held on Friday for Robert Henry Brown, Wellington St., who died at Sutton hospital on Tuesday, June 23. Mr. Brown was an engineer at St. Andrew's College at the time of his death, a post he had held for six years.

Born at Temperanceville, he had resided in King twp. all his life until moving to Aurora. He was a member and elder of Temperanceville United church and sang in the choir for 20 years. The funeral service was conducted by Rev. T. R. White, assisted by Rev. E. C. Moddele and Rev. R. K. Perdue. Pall-bearers were Jack Anderson, Ira Clubine, W. E. Barker, Malcolm Ferguson, Wesley Lloyd and Charles Badger. Interment was at King cemetery.

He is survived by his widow, two sons, Clare, Willowdale, and Dawson, Aurora, and two daughters, Mary and Rita, Aurora.

Joins Permanent Force,
Given Farewell Party

Members of the Young People's society of St. John's Anglican church, Oak Ridges, held a dinner and presentation recently at Grant McCaughan's Ridge Inn in honor of Hans Styrm, who left to join the permanent R.C.A.F. station at Portage La Prairie. About 50 sat down to dinner and Rev. E. G. Worrall, the rector, made the presentation of a wrist watch to Mr. Styrm. Hans served for three years with the Norwegian air force and is a member of Branch 385, Canadian Legion, Aurora. Dancing followed the banquet.

TIE WITH 63

Three golfers emerged with net 63 scores on Monday in the Mulock Cup competition at Aurora golf club. Fifteen-year-old Walter Tunney, Doug Nisbet, ex-R.C.A.F. officer, and Cyril Hamlin all tied with seven under par scores. The play-off will take place next Sunday.

FIRE DAMAGES BARN

Fire destroyed the upper parts of the barn of F. Sullivan near Elgin Mills last week but presence of a nearby stream and fast work by the Aurora and Richmond Hill fire brigades saved the lower part and the barn floor. The remaining part serves as a stable for the Sullivan horses and cattle. The fire was of unknown origin and loss is estimated at \$4,500.

BUY DAWSON'S GRILL

Mr. and Mrs. Percy Lloyd have purchased Dawson's Grill from Mrs. H. Dawson.

NO MEET IN JULY

There will be no meeting in July of Branch 385 Canadian Legion in view of the large number on holidays as well as the heat. The next regular meeting will be held on August 7.

GAMES POSTPONED

Rain washed out the sports program for July 1 at Laskay Old Boys' Field Day and the events will take place on Saturday, July 6. Aurora R.C.O.C. teams in both men and girls softball tournaments have entered.

APPOINTED PRINCIPAL

Flt.-Lieut. F. Orchard, who has served as an education officer with the R.C.A.F. at Montreal, and has also been engaged on rehabilitation work, has been appointed principal of Oak Ridges public school. Sidney Brown, the present principal, has been appointed to the staff of Toronto public schools.

A new uniform for Constable William Langman purchased from Central Cleaners cost \$49.40.

Aurora Women's Institute was granted permission to hold a tag day on September 21.

Aurora's share of county hospitalization for last month was \$88.15.

Relief accounts for June totalled \$54.54.

Aurora's street lighting bill from the hydro commission showed an increase of \$53.83 over previous months in June. One hundred-watt bulbs have replaced the old 60-watt type and this explains the higher rate, according to Town Clerk Harold Clark.

Aurora's new waterworks pump, ordered in February, will finally be delivered by Babcock-Wilcox of Galt this month and will be in operation before August.

BUDS NIPPED
BY COMBINES
IN HOT TEST

Combines served notice last Friday that when the honors in lacrosse are being handed out, they'll be right there. In a torrid contest that had the fans on their toes from start to finish, they polished off Maple Buds 9-8, the second time within a week. The sultry weather kept down the crowd somewhat but those who did attend will be out tomorrow night in full force as the Combines tackle the league-leading Woodbridge club at Aurora area.

After end-to-end play which saw Rumble and Smith at their best, Combines scored two fast goals, Cleve Burton shooting from a difficult angle to beat Rumble and Wark firing home a long shot through a maze of players. Ingram got one back for Maple but Ray Burton on a three-man all-family passing attack made it 3-1. Ray Thompson cut down the lead as the period ended.

In the second quarter Thompson took things in hand and on two brilliant scoring efforts he gave Maple the lead. Harry Burton tied the score and later fired home another to give Combines a 5-4 lead at the half.

Ingram tied the score again early in the third and then Jeff Elliott rapped home two sweet counters from close in to make it 7-5. Ben Thompson increased the lead to 8-5 and the game seemed in the bag as the period ended.

Maple put on the pressure in the final period and with goals from Thompson, Stan Foster and Lorne Wells, tied the score with three minutes to go. Penalties left the Combines short-handed.

Ray Burton, with about a minute of play left, pulled the game out of the fire, taking a pass in front of the net and firing home the rubber as he crossed with a Maple defenceman draped on him.

The winners played most of the way without Bruce Wark, their defence stalwart, who twisted an ankle, and part of the period without Hughie Kerr, who stopped a ball with an eye.

Smith played another fine game in the nets and Scotty Johnson switched to the defence, played a good game. The pony express line of Buttons and Kerr carried the mail all night and worked overtime with their team short-handed.

Roy Thompson, with four goals, paced the Maple attack and along with Ingram was the best up front. Al Orr played a strong game on defence.

At the weekend the league standing read:

	W	L	Pts.
Woodbridge	7	2	14
Combines	7	2	14
Maple	4	4	8
R. Hill	1	9	8

CADETS BRING
HOME PENNANT

FROM NIAGARA

Major N. F. Johnson, cadet instructor at Aurora high school, had reason to feel proud of the achievement of "his boys" and particularly Aurora high school cadets at the recent M.D. 2 cadet camp at Niagara. Major Johnson was company commander of "C" company and had cadets from Bracebridge, Collingwood, Barrie, Oakwood C.I., Weston and Aurora under his command.

"C" company was judged the most efficient unit in the camp of 1,700 and never finished worse than second in any competition. They also won the pennant for the best company at rifle shooting on the miniature range.

In addition to the rifle triumph of Sgt. Howard Patrick, the Aurora cadets were judged the most efficient in the prize-winning "C" company and brought home with them a pennant which will hang in the Aurora school. The awards were made by Major George Beale, M.C., district cadet officer, on the morning parade of the final day of camp.

DISTRICT RESIDENTS
RECEIVE HONORS

Among those honored in the Dominion Day list was Mayor Stanley Lewis, Ottawa, who was awarded the Order of the British Empire. He is a brother of Mrs. Earl McCready, Aurora.

Prizewinners were: Dansitone phonograph, George Jiggins, Aurora; tri-lite lamp, J. W. Currie, Newmarket; lawnmower, Walter Davis, Aurora; calkskin, Mrs. W. Mabley, Richvale; roller skates, Miss Eva Moore, Newmarket.

A pair of lawn chairs was won by the holder of ticket No. 2384 and the winner should contact George Moody, Bank of Montreal.

ANOTHER "FIRST" FOR CHEVROLET

1946 Stylemaster Sedan Makes First Trans-Canada Trip to Win Todd Medal for Brig. R. A. Macfarlane

BORN "CANADA'S MAIN STREET"—The Trans-Canada Highway, which links province to province, from sea to sea, and opens the way to a great new era of tourist travel.

Rolling along "Canada's Main Street"—the Trans-Canada Highway—from coast to coast, Brigadier R. A. Macfarlane, D.S.O., at the wheel of a new 1946 Chevrolet Sedan, has just completed the first ocean-to-ocean automobile trip without leaving Canadian soil.

To win the A. E. Todd Gold Medal—offered in 1912 by the Mayor of Victoria—Brig. Macfarlane left Louisburg, Nova Scotia, with the salt of the Atlantic on his rear wheels, and after nine days of driving he arrived in Victoria, Vancouver Island, B.C., and dipped his front wheels in the Pacific, having covered

4,743 MILES

The Chevrolet used was a stock 1946 model powered with a standard six-cylinder valve-in-head engine. It was selected by Brig. Macfarlane—who held the responsible posts of Director of Mechanization and Deputy Master-General of Ordnance, at Defence Headquarters, Ottawa—because he is convinced that a sturdy, light, economical passenger car is ideal for the average Canadian citizen. With his extensive experience of army vehicles, on the testing grounds and on active service in two wars, Brig. Macfarlane made the new Chevrolet his choice for his history-making trip—another "first" for Chevrolet!

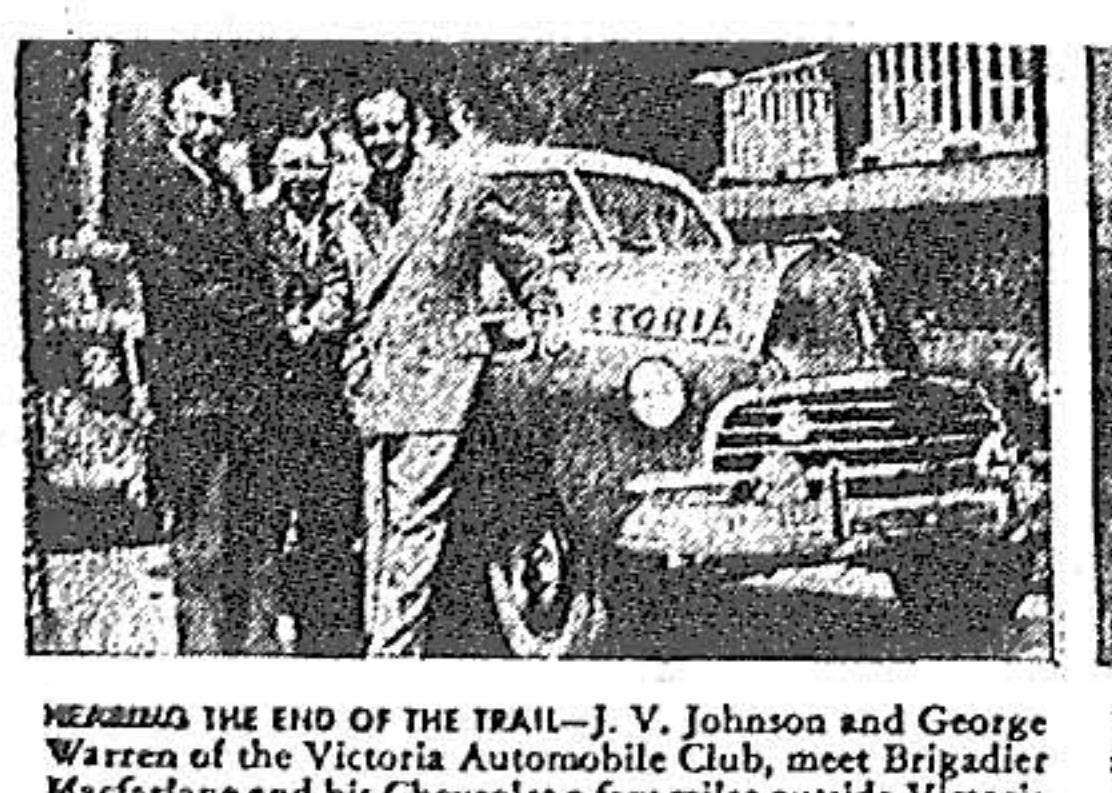

Al Keleey of Barrie lies in a serious condition in Barrie hospital as a result of one of those rare accidents in softball, when a player really gets hurt. Trying to stretch a hit he slid into home on his stomach, rupturing the large bowel, and causing an internal hemorrhage. Ross Wadell, who tended goal so well for Aurora Juniors in 1941 and then joined Oshawa Generals the next year, is catching mushball for Oshawa Legionnaires who are right up near the top in the Oshawa senior "B" circuit.

Cecil Brown, who pitched for Newmarket camp in 1942-43 and was probably the best pitcher to perform for the camp over the years, is back in civilian life again. "Cease-Fire" is in action, as of yore, for Firefighters in the Wanless Park league and pitching neat ball. Bill Bon and Ken Darling, who are doing the twirling for Langstaff in the local softball league, are both

top flight pitchers, as good if not better than any mound corps in the league, but the support accorded them has not been the best, proving once again that while pitching plays a big part in mushball, it is not the only thing.

MEETING THE END OF THE TRAIL—J. V. Johnson and George Warren of the Victoria Automobile Club, meet Brigadier Macfarlane and his Chevrolet a few miles outside Victoria and escort him into the City.

THE AWARD—Winning of the Todd Medal, offered in 1912, became possible with completion of the Trans-Canada Highway. It is now awarded to Brig. R. A. Macfarlane for the first authorized journey from Louisburg, Cape Breton, to Victoria, B.C., over a specified all-Canadian route.

THROUGH THE ROCKIES—The Chevrolet spent thrilling hours skirting sheer precipices and climbing high mountain roads before it encountered this quiet little valley in Canada's Rocky Range.

THE PACIFIC—After 4,743 miles of rapid, trouble-free driving, Brigadier Macfarlane and his co-driver dip the front wheels of their Chevrolet in the Pacific Ocean—to win the A. E. Todd Gold Medal.

DOWN THE CENTRE

By AB. HULSE

Boxla banter: One of the biggest games of the year looms up for Friday, July 5, as Woodbridge, the current league leaders, visit Combines at Aurora. The southerners at the weekend were tied in points, but had played less games than the "Bines". They will be without the services of their burly home player, Jack Elder, ex-Aurora softballer who broke his ankle in a softball game last week. With the exception of Bill Norton and Elder, the entire Woodbridge team are in the young class, some of the kids ranging down to 17.

Right now, a bit of praise for young Remi Ireland, who is fast developing into an outstanding centre star. He whipped home four markers against Richmond Hill last week. We rubbed our eyes and shook our head the other night as Richmond Hill, the cellar-dwellers, trotted out Bill Patrick of Aurora. Bill hasn't played for over a decade, in fact, we were team-mates together, and the brand of lacrosse played then was a bit more rugged than now. While not in shape, Patrick played a fairly good game and will improve. He probably set a record, too, for he didn't draw a penalty all night.

Harold Weese, another veteran performer, was in action with the Hill and he worked well, although inclined to bring back the style of play which gave lacrosse a bad jolt over the years. He talked himself into some extra minutes in the sinbin, too. Under the league territorial ruling, it is doubtful if either player qualifies for the

Hill, but the Ryan clan can sure use them and for the first time in several games, looked really good. In fact it required the breaks and better condition for Woodbridge to edge away.

It is a bit strange to see Harry Sutton of Aurora kept on the sidelines in place of action with Combines, if the others qualify. Combines could use him too, as their line-up has been changed around the last few games. A hand for Bruce Wark, defence stalwart of the Combines and one of the best in the league. Bruce plays close to full time every game, and last week gamely insisted on returning to action in the fourth quarter when his team was hard pressed, even though he could barely hobble with a badly twisted ankle. Wark gets the odd goal too as he wanders down from his defence post.

Roy Thompson, Maple home player, is fast developing into the league's most potent sniper and give him a few feet in which to wind up on his rushes and he'll barge through most times for a shot on goal.

Bunny White of Richmond Hill, brother of Rusty White, who is refereeing senior O.L.A. this year, makes his debut as a senior lacrosse referee this week in St. Catharines. White has only appeared in a few of the North York league games. Several of the arbiters working the district league have been given approval by the O.L.A. for their whistle-tooting ability and may see action miles away from home if the schedules don't conflict.

Lyle Sparks is contacting Charlie Rowntree this week as to home games for the Aurora kids and they will likely see action next week.

Comin' in on a wing and a prayer came to our mind the other night as with Ed. Tidman and Morley Cook engaged with Pine Orchard in a Lake Simcoe league encounter, and Bob Hillis indisposed, Aurora softballers were forced to send George Hodges to the mound against Thornhill. Now George is the first in the world to tell you he isn't a hurler, but he tried all the way, and strangely enough, might easily have won the game if his support hadn't fallen apart. The Aurora team clubbed the veteran Teddy Bennett harder than in any game we've seen "Benny" pitch in recent years but the support just wasn't there. We have always maintained that on most clubs, there are four or five batters who just don't rate as hitters and can be handled with ease by any battery with savvy. Good control, and a change of pace, can send a pitcher a long way. We liked the play of Lansing softballers who have plenty of hustle, some fair players, and are obviously filled with the joie de vivre.

George Stark, former Aurora junior hockeyist and last year with both Vandorf (Aurora) and Combines (Richmond Hill) in the mercantile circuits, holds down third base and is a neat fielder and a hard baser. At shortstop is Ernie Hughes, who guarded the twine cottage for Newmarket camp hockey team in 1943. Ernie covers a lot of territory and whips the big apple to first with cannon-ball speed. Bill Cochrane, the mainstay of the mound staff, has played senior B in Toronto for some years, and besides being a pitcher can play equally well behind the bat or in the field. He throws a few side-armers, but mostly it's a legal.

Harry Couse, the Cookstown speed boy, is now operating a machine shop in his native village along with his brother, who also saw active service. Just to show what cooks, Cookstown has lost only one game in the South Simcoe loop and that was the one Harry didn't hurl. Incidentally, he pitched for South Simcoe in the junior farmers tournament at Guelph and reached the finals only to be beaten by Brant county. Norm Mabley, who used to play junior hockey in Aurora and in the outfield for the Hill softball club, has entered the insurance field, and since Norm is fairly fast footed you'll have to be on your toes.

Rain washed out the field day at Laskay on Dominion Day with the result softball tournaments will take place Saturday, July 6, with plenty of fun and stuff.

Al Keleey of Barrie lies in a serious condition in Barrie hospital as a result of one of those rare accidents in softball, when a player really gets hurt. Trying to stretch a hit he slid into home on his stomach, rupturing the large bowel, and causing an internal hemorrhage.

Ross Wadell, who tended goal so well for Aurora Juniors in 1941 and then joined Oshawa Generals the next year, is catching mushball for Oshawa Legionnaires who are right up near the top in the Oshawa senior "B" circuit.

A BY-LAW TO PROVIDE FOR REGULATING AND LICENSING THEATRES, MUSIC HALLS, BOWLING ALLEYS, MOVING PICTURE SHOWS, PUBLIC HALLS, AND ALL PLACES OF AMUSEMENT WITHIN THE TOWNSHIP OF NORTH GWILLIMBURY.

Whereas by the provisions of the Municipal Act, R.S.O. 1937, Chapter 266, Section 439, Sub-section 2, the Municipal Council of a Township is authorized to pass By-laws regulating and licensing theatres, music halls, bowling alleys, moving picture shows, public halls, and all places of amusement within the Township of North Gwillimbury.

12. Every person licensed a theatre, music hall, bowling alley, moving picture show, public hall or any place of amusement under the by-law once a year, and whenever else he shall be required by this Council so to do.

13. The licensee of every public hall or any place of amusement in which dances are held shall observe the following regulations:

(a) Age: No girl under the age of fourteen years shall be admitted to or be in any such hall or place of amusement during dancing hours and at such times chaperons or attendants approved by the Township Constable shall be present in the hall and shall be responsible for the proper supervision and conduct of persons therein.

(b) Dancing shall cease not later than forty-five minutes past eleven o'clock on Saturday afternoon and at forty-five minutes past twelve o'clock in the morning on each week day, and shall not commence before nine o'clock in the forenoon of the following day.

(c) No person shall be allowed to be in such public hall or place of amusement who, in the opinion of the Township Constable, or any police officer or other person whom he may designate for such purpose, is of immoral character or conducts himself or herself in a loose, disorderly or improper manner.

(d) The foregoing regulations shall not apply to private dances which are attended only by the guests of a person giving such private dance, or to dances given under the auspices of a patriotic, fraternal or charitable society or other well recognized organization or a club other than a dancing club.

(e) Dancing shall cease not later than nine o'clock on Sunday.

(f) Non compliance with these regulations shall subject the licensee to cancellation of his license.

14. At the conclusion of every meeting, concert or performance at public halls, the owner or keeper of which is licensed under this by-law, shall give upon the order of the Township Constable or any representation the applicant may desire to make concerning the same.

15. No person licensed as owner, keeper or operator of any theatre, music hall, moving picture show, public hall or any place of amusement which is a gambling, raffling, lottery or cash gifts, distribution of money or articles of value to be connected therewith or in any permitted or held out as an inducement for business.

16. If what is known as "Daylight Saving Time" is generally adopted by the citizens of the Township for any period of the year under any Statute or Order-in-Council, By-law or resolution or proclamation whether the same is effective in law or not such time shall be held to be the time referred to in any reference of time in this by-law.

17. The Council may revoke or suspend any license issued under the provisions of this by-law.

Notice of the revocation of any license may be given by the Clerk of the Township by registered letter mailed to the address given by the licensee in his application for a license, and upon such notice the license revoked shall cease and terminate and be of no further effect.

18. Where a license is revoked the licensee shall be entitled to a refund of a part of the license fee proportionate to the unexpired part of the term for which it was granted.

Penalty

19. Any person convicted of a breach of any of the provisions of this by-law shall forfeit and pay at the discretion of the court a fine not exceeding \$50.00 for each offence.

PASSED this Third day of June, A.D. 1946.

KESWICK
War Bride Welcomed With Shower Of Gifts

Mr. and Mrs. Geo. Altridge, Toronto, were holiday guests of Mr. and Mrs. J. E. Baines. Mr. Altridge was soloist at the open air service in Pine Beach park Sunday evening.

Bob Clark is a Keswick boy who has been at Camp Ashburton since June 27. Since Bob is one of the 11-year-old boys who is eligible for both boys' camps, he is staying for the intermediate camp.

Bob Atchison, Albert Smith, Donald Harper, Ronald Browne and Allan Peters are the other local boys now at camp. Rev. Gordon Lapp is program director for this camp.

The Keswick entry in the Lake Simcoe Softball League was still leading the northern group on July 2. Zephyr and Willow Beach played a tie game, called on account of darkness, on June 28. Baldwin won from Roche's Point, 13-8, on June 27, after losing to Willow Beach two days earlier.

Keswick absorbed a 14-4 defeat at the hands of a Sutton team on June 26 but, fortunately for their standing in the league, this was only an exhibition game. Sutton is not entered in the league.

Keswick Scouts finally played the return games, three times postponed, with the Sutton boys. Transported to Sutton by Mrs. Sinclair and P. Mahoney, E. Winch and Rev. Gordon Lapp, the boys brought back victories in both games. The senior score was 21-18 and the junior 33-20. The boys mean business when they start scoring runs.

Keswick senior boys' team: Smith, B. Folkard, B. Winch, Heffering, N. George, Bunn, Atchison, I. Rye, T. Peters. Junior team: McGenerty, Kay, Walker, D. Huntley, Henry, Harper, G. Clark, Chandler, Sinclair, M. Winch, B. Draper.

The United church evening service of next Sunday, July 7, will be at Indianola Beach Park at 8 o'clock, preceding the concert held there.

A Toronto cottager, guest at one of the recent showers in this community, wished that she had been living in the country when she became engaged and was married. "What I couldn't have done with a pile of gifts like that," mused the lady. It was the same story over again on June 25 when people of Keswick and vicinity honored Mrs. Wallace Donnell, recently arrived from England, and her husband. Many beautiful and useful things testified to the warmth of the welcome extended to Mrs. Donnell and to Wallace, who preceded his wife to Canada some months ago.

The United school room was tastefully decorated, with a wishing well the central feature. The gifts were drawn from it. The program was mostly musical, although Mrs. Erwin Winch contributed a reading and a team of ladies gained a tie in a sports knowledge contest against a team of men drawn from old time soccer and baseball players.

The Newmarket Era and Express office is open Saturday evening, from 7 to 9
